

→ **BOOK OF ABSTRACTS**  
European Society for Gynaecological Endoscopy

# ESGE 17<sup>TH</sup> ANNUAL CONGRESS

OCTOBER 8-11, 2008  
**AMSTERDAM, THE NETHERLANDS**

BROADEN YOUR SCOPE

**CONGRESS PRESIDENT → H. BRÖLMANN**  
**PRESIDENT ESGE → G. B. MELIS**

WITH THE PARTICIPATION OF THE WGE AND THE BSGE

## CONTENTS

### VIDEO PRESENTATIONS

#### V1\_01

**Laparoscopic bilateral transposition of the ovaries: demonstration of a technique and intraoperative events**

S. Tzitzimikas<sup>1</sup>, A. Karavida<sup>2</sup>, D. Ioannidou<sup>1</sup>

#### V1\_02

**Laparoscopically repaired vaginal evisceration after postpartum hysterectomy**

N. Waters, S. Chachan, K. Morton, A. Kent

#### V1\_03

**Laparoscopic resection of the mesh sacrocolpopexy—video-demonstration of case report**

D. Struppl

#### V1\_04

**Laparoscopic ureteroneocystostomy with psoas hitch**

L. Minelli<sup>1</sup>, L. Mereu<sup>1</sup>, P. Pomini<sup>1</sup>, G. Grosso<sup>2</sup>

#### V1\_05

**Laparoscopic anterior rectal resection for deeply infiltrating rectovaginal endometriosis**

J. Lo, J. English

#### V1\_06

**Bladder endometriosis—a remarkable resemblance in a monozygotic twin—diagnosis and excision using the harmonic scalpel**

J.J. (Hans) van Beek

#### V1\_07

**A truly keyhole colposuspension**

A. Kent, P. Barton-Smith, N. Waters

#### V2\_01

**Laparoscopic cornuotomy using a temporary tourniquet suture and diluted vasopressin injection in interstitial pregnancy**

D.-S. Eun, Y.-S. Choi, K.-S. Shin, J. Choi

#### V2\_02

**Ovarian ectopic pregnancy**

M. Capar

#### V2\_03

**Laparoscopic promontofixation in postmenopausal patients**

M. Visotsky, O. Kharlova

#### V2\_04

**Laparoscopic myomectomy and abdominal cerclage**

J. Einarsson

#### V2\_05

**Laparoscopic lymph node debulking: indications and strategies**

A. Pessarrodona, J. Isern, J. Cassadó, J. Rodríguez, L. Codina, M. Duran

#### V2\_06

**Videopresentation technique of anterior, posterior & total laparoscopic exenteration**

P. Bartos, M. Skrovina, M. Trhlik

#### V2\_07

**Laparoscopic treatment of retroverted uterus associated with chronic pelvic pain**

J. Nassif<sup>1</sup>, C. Zacharopoulou<sup>1</sup>, V. Thoma<sup>2</sup>, A. Wattiez<sup>1</sup>

#### V3\_01

**A three trocar technique for laparoscopic total and subtotal hysterectomy using Ligasure® 10 mm and the rotocut morcellator**

L. Amini, M. Ketabi

#### V3\_02

**The Plymouth colpotomy tube and uterine manipulator**

J. Frappell, D. Barclay, M. Norbrook

**V3\_03**

**Transabdominal laparoscopic cerclage at 14th week of pregnancy**  
J. Isern, A. Pessarrodona, J. Cassadó, X. Urquizu, J. Rodriguez

**V3\_04**

**Correction the pelvic floor disorders with hybrid mesh**  
M. Jose Martinez-Paya

**V3\_05**

**Treatment and diagnosis of non-tubal ectopic pregnancies**  
O. Istre, R. Svenningsen

**V3\_06**

**Laparoscopic sacrocolpopexy—standardized technique from a prospective trial on 101 patients**  
D. Sarlos, LaVonne Kots, G. Schär

**V3\_07**

**Laparoscopic resection of rectal endometriosis: how to prevent postoperative rectovaginal fistulae by using fat tissue of para-rectal space**  
H. Roman, J.J. Tuech, I. Chanavaz-Lacheray, L. Marpeau

**V4\_01**

**An alternative method for removal of bulky uterus after total laparoscopic hysterectomy**  
J. English, J. Lo

**FREE COMMUNICATIONS****FC\_01**

**A randomised comparison of Microwave endometrial ablation with transcervical resection of the endometrium; follow-up at a minimum of ten years**  
A. Sambrook, K. Cooper

**FC\_02**

**Ultrasound guided high intensity focused ultrasounds (US-gFUS) therapy for uterine fibroids. Initial experience and safety issues in a western country**  
A. Pessarrodona<sup>1</sup>, J. Muxart<sup>1</sup>, J. Isern<sup>1</sup>, S. Peng<sup>2</sup>, G. Redondo<sup>1</sup>, L. Canales<sup>1</sup>, J. Cassado<sup>1</sup>, J. Rodriguez<sup>1</sup>

**FC\_03**

**Laparoscopic multiple myomectomy using intraoperative ultrasound (IOUS)**  
D. Tutunaru, I. Luiza Condulescu, B. Alexandru, D. Florentina Lebit

**FC\_04**

**The impact of alternative treatment for abnormal uterine bleeding on hysterectomy rates in a tertiary referral centre**  
H. van Dongen, A.van de Merwe, C. de Kroon, F.W. Jansen

**FC\_05**

**Prospective randomised comparison of total laparoscopic hysterectomy (TLH) with laparoscopic assisted vaginal hysterectomy (LAVH)**  
I. Georgiev

**FC\_06**

**Prevalence of unexpected intra-uterine pathology diagnosed at office hysteroscopy in patients indicated for IVF**  
J. Kasius<sup>1</sup>, A. Timmermans<sup>1</sup>, J. van Disseldorp<sup>1</sup>, E. van Santbrink<sup>3</sup>, P. Devroey<sup>2</sup>, B.C. Fauser<sup>1</sup>, F. Broekmans<sup>1</sup>, H. Fatemi<sup>2</sup>

**FC\_07**

**Cost-minimization analysis comparing outpatient see-and-treat hysteroscopy service with traditional hysteroscopy service models in the National Health Service England**  
E. Saridogan<sup>1</sup>, D. Tilden<sup>2</sup>, N. Davis<sup>3</sup>, D. Sykes<sup>4</sup>, D. Subramanian<sup>3</sup>

**FC\_08**

**Proximal tubal occlusion of hydrosalpinges with the Essure® device before in vitro fertilisation in an outpatient setting. A first or a second choice?**  
A. Ubeda, M. Mascaro, O. Salas

**FC\_09**

**The feasibility of outpatient hysteroscopic sterilisation using the Essure™ system: an evaluation of patient and technical factors predictive of procedural success**  
M. Pathak, A. Coomaraswamy, J. Gupta, J. Clark

**FC\_10**

**The histopathologic significance of intrauterine lesions in asymptomatic postmenopausal patients**  
R. Žiobakas, G. Mecejus, O. Tamašauskas, N. Bartaševiciute, E. Jakiunas, G. Drasutiene

**FC\_11**

**Narrow-band imaging and endometrial lesions**  
D. Surico, A. Vigone, R. Amadori, L. Leo

**FC\_12****Nurse hysteroscopists: a multi-centered audit evaluating current practice in the United Kingdom**G. Smith<sup>1</sup>, G. Steele<sup>1</sup>, S. Jones<sup>1</sup>, J. Pansini-murrell<sup>2</sup>**FC\_13****How much do ultrasound scan findings correlate to hysteroscopic findings?**S. S. M. Wong<sup>1</sup>, S.E. Jones<sup>2</sup>, S. Elton<sup>2</sup>**FC\_14****Diagnostic and therapeutic outpatient hysteroscopy**M. Pathak<sup>1</sup>, C. Gulemser<sup>2</sup>, A. Shahid<sup>2</sup>, E. Saridogan<sup>2</sup>**FC\_15****The effect of transobturator tape for treatment on female sexual functioning**

M. Jong, de, P. Dijkhuizen, K. Aalders, M. Balken van

**FC\_16****Tunnel vision at abdominal hysterectomy; how to broaden the scope towards a laparoscopic approach**R. Niewenweg, J.M.A. Pijnenborg, J.F. ter Haar**FC\_17****Follow up after laparoscopic assisted vaginal resection of endometriosis in the septum rectovaginale and the rectosigmoid in women with deep infiltrating endometriosis**A. Kavallaris**FC\_18****A systematic review and meta-analysis of 3,348 women in 39 randomised trials comparing hysterectomy, endometrial ablation and the levonorgestrel-releasing intrauterine system for heavy menstrual bleeding**J. Daniels<sup>1</sup>, R. Champeneria<sup>1</sup>, L. Middleton<sup>1</sup>, N. Hilken<sup>1</sup>, R. Gray<sup>1</sup>, S. Bhattacharya<sup>2</sup>**FC\_19****Hysterectomy rates in 1 and 2 years follow-up after first consultation in a specialized abnormal vaginal bleeding policlinic**K. Hauge**FC\_21****Randomised controlled trial of NovaSure® endometrial ablation and HydroTherm Ablation®**J.P.M. Penninx, B.W. Mol, M.Y. Bongers**FC\_22****What determines the need to morcellate the uterus during total laparoscopic hysterectomy?**G. Condous<sup>1</sup>, T. Bignardi<sup>1</sup>, D. Alhamdan<sup>1</sup>, B. Van Calster<sup>2</sup>, S. Van Huffel<sup>2</sup>, A. Lam<sup>3</sup>**FC\_23****Power Doppler ultrasonography usefulness in selection of endometrial destruction procedures in women with endometrial hyperplasia**R. Moszynski, D. Szpurek, M. Englert-Golon, S. Sajdak**FC\_24****Long-term outcome following laparoscopic supracervical hysterectomy and supracervical abdominal hysterectomy**M. Lieng, A. Birte Lømo, O. Istre, E. Qvigstad**FC\_25****Two thousands forty nine outpatient clinic hysteroscopy sterilizations. Patient satisfaction and tolerance**J. Eduardo Arjona, B. Povedano, B. Pelegrin, I. Jeronimo, E. Sainz de Vicuña, B. Hinojosa, E. Velasco**FC\_26****Complications associated with Essure®: an analysis of 2,849 performed cases**J.E. Arjona Berral, E. Sainz de Vicuña Sainz, E. Velasco Sánchez, I. Jerónimo Franco, B. Povedano Cañizares**FC\_27****Relationship between preoperative symptoms and extent of disease: comparison of a new classification system for endometriosis with the revised American Society for Reproductive Medicine classification**C. Gulumser, S. Kayani, E. Saridogan, A. Cutner**FC\_28****Laparoscopic anatomical nerve sparing radical hysterectomy for cervical cancer: technique and results**Z. Liang, Y. Chen, H. Xu, Y. Li, D. Wang, J. Li, J. Yuan**FC\_29****Prognostic value of microvessels densities in patients with endometrial hyperplasia and adenocarcinoma**V. Bourlev, S. Sarkisov, E. Dubinskaya

**FC\_30**

**Impact of surgical peritoneal environment on postoperative dissemination and tumor growth in a preimplanted tumor model**

A.-S. Azuar, S. Matsuzaki, N. Bourdel, J.-L. Pouly, G. Mage, M. Canis

**FC\_31**

**The accuracy of risk scores in predicting ovarian malignancy; a systematic review**

P. Geomini<sup>1</sup>, R. Kruitwagen<sup>2</sup>, G. Bremer<sup>3</sup>, J. Cnossen<sup>4</sup>, B. Willem Mol<sup>4</sup>

**FC\_32**

**Micro-laparoscopic management of endometrial cancer**

G. Siesto, A. Cromi, F. Zefiro, P. Beretta, B. Elena, F. Ghezzi

**FC\_33**

**Laparoscopy versus laparotomy in the treatment of early stage endometrial cancer patients: a randomised multi centre cost-effectiveness trial**

C. Bijen<sup>1</sup>, G. de Bock<sup>2</sup>, J. Keurentjes<sup>1</sup>, L. Ulkeman<sup>1</sup>, M. Mourits<sup>1</sup>

**FC\_34**

**Laparoscopically assisted radical vaginal hysterectomy on patients with cervical and endometrial cancer—three-year experience**

G. Gorchev, S. Tomov, L. Tanchev, A. Velkova

**FC\_35**

**Laparoscopic surgery in management of adnexal tumors—unexpected malignancy**

T. Guerra, E. Suarez, L. Mañalic

**FC\_36**

**Laparoscopic management of adnexal masses in pregnancy**

D. Tutunaru<sup>1</sup>, D. Florentina Lebit<sup>1</sup>, I. Luiza Condulescu<sup>1</sup>, M. Cristian Dumitrascu<sup>2</sup>, B. Alexandru<sup>1</sup>

**FC\_37**

**An audit of a nurse led hysteroscopy service**

D. Holloway

**FC\_38**

**The development of a clinic for women with inherited bleeding disorders and gynaecology problems**

D Holloway, B Madan

**FC\_39**

**Endometrial preparation for Microwave endometrial ablation using progesterone withdrawal: a survey of outcome and satisfaction**

G. Steele, D. Rowlands

**FC\_40**

**Cavaterm® thermal balloon ablation of the endometrium**

N. Holvey

**FC\_41**

**Rectal stenosis after laparoscopic excision of rectovaginal endometriosis**

N. Waters, G. Maytham, T. Rockall, A. Kent

**FC\_42**

**Management of endometriosis—comments on recurrence and fertility**

H. Salem, S. Azazi

**FC\_43**

**Can different dimensions of pelvic pain help in the diagnosis of endometriosis?**

K. Ballard, S. Banerjee, H. Lane, J. Wright

**FC\_44**

**Differences in histologic components among women with recurrent deep infiltrating endometriosis**

F. De Cicco, P. Carfagna, G. Carri, C. De Cicco, A. Caruso

**FC\_45**

**Qualitative comparison of postoperative outcomes at 3 and 6 months following laparoscopic surgery for endometriosis amongst two groups of women with good and poor symptomatic correlation with the revised American Society for Reproductive Medicine classification score**

C. Gulumser, S. Kayani, E. Saridogan, A. Cutner

**FC\_46**

**Can transvaginal sonography (TVS) predict infiltration depth in patients with deep infiltrating endometriosis (DIE) of the rectum?**

G. Hudelist, K. Heinz Oberwinkler, F. Tuttlies, G. Rauter, O. Ritter, J. Keckstein

**FC\_47**

**Disease management patterns and burden in women known to have fibroids: results from the CHASM (Cross-Sectional Survey of HRQoL and Symptoms of Myoma) Study**

J. Gilabert Estellés<sup>1</sup>, D. Subramanian<sup>2</sup>, E. Downes<sup>3</sup>, V. Sikirica<sup>2</sup>, C. Maroulis<sup>2</sup>, S. C Bolge<sup>4</sup>

**FC\_48****Laparoscopic myomectomy after Doppler assessment of fibroid blood supply**

D. Tutunaru, B. Alexandru, I. Luiza Condulescu, D. Florentina Lebit, A. Petca

**FC\_49****Laparoscopic myomectomy: analysis of the risk factors of complications and conversion**

F. Carmona, M. Angeles Martínez-Zamora, C. Ros, A. Osorio, C. Castelo-Branco, J. Antonio Vanrell, J. Balasch

**FC\_50****Bone anchor fixation In laparoscopic sacrocolpopexy**

R.M.F. van der Weiden<sup>1</sup>, M.I.J. Withagen<sup>2</sup>, E. Rociu<sup>1</sup>, G.H.H. Mannaerts<sup>1</sup>

**FC\_51****NOTES transvaginal access: exploration of pelvis and future applications in gynaecology field**

C. Zacharopoulou<sup>1</sup>, J. Nassif<sup>1</sup>, S. Perretta<sup>2</sup>, B. Dallemagne<sup>2</sup>, J. Marescaux<sup>1</sup>, A. Wattiez<sup>1</sup>

**FC\_52****Robotic total hysterectomy and robotic prolapse surgery with the Da Vinci® surgical system: a prospective evaluation of the first 30 cases**

D. Sarlos, L. Kots, N. Stevanovic, G. Schär

**FC\_53****More than meets the eye**

T. Koninckx<sup>1</sup>, M. Moll<sup>2</sup>, L. Van Gool<sup>2</sup>, P. Koninckx<sup>2</sup>

**FC\_54****Comparison of two electric morcellators for laparoscopic gynaecological surgery**

M. Angeles Martínez-Zamora, Al. Izquierdo, C. Castelo-Branco, F. Carmona

**FC\_55****NOTES in gynecology**

A. Hackethal<sup>1</sup>, S. Langde<sup>1</sup>, G. Tcharchian<sup>2</sup>, I. Hrgovic<sup>1</sup>, K. Muenstedt<sup>1</sup>, H.-R. Tinneberg<sup>1</sup>

**FC\_56****Investigation into the usability of medical devices in the application range OR**

U. Matern<sup>1</sup>, K. Montag<sup>1</sup>, T. Rölleke<sup>2</sup>, B. Schauf<sup>1</sup>, P.-S. Mauz<sup>1</sup>, D. Wallwiener<sup>1</sup>

**FC\_57****The experimental-OR in Tuebingen—scientific background and introduction of the institution**

B. Schauf, P.-S. Mauz, U. Matern, D. Wallwiener

**FC\_58****The SECURE Study: ultrasound evaluation of the caesarean scar**

M. Bij de Vaate, H. van der Slikke, J. Huirne, H. Brölmann

**FC\_59****Development and testing of ergonomic hand-instrument interfaces for surgery**

U. Matern, B. Schauf, P.-S. Mauz, D. Wallwiener

**FC\_60****Usability of radio-frequency devices in surgery**

U. Matern, D. Büchel, B. Schauf, P.-S. Mauz, D. Wallwiener

**FC\_61****Comparison of diagnostic use of a newly developed device offering a combination of endometrial sampling and subsequent saline infused sonography (BiopSIS®) with the conventional serial use of endometrial biopsy with subsequent saline infused sonography by two different devices**

D. Schoot, V. Dietz

**FC\_62****Force of tissue graspers on laparoscopic surgery**

D. Ott

**FC\_63****What caused failure in outpatient hysteroscopy**

S. S M Wong<sup>1</sup>, S. E Jones<sup>2</sup>

**FC\_64****Patients' preferences for salpingostomy relative to salpingectomy in tubal ectopic pregnancy: a discrete choice experiment**

N.M. van Mello<sup>1</sup>, F. Mol<sup>1</sup>, E. Edelman<sup>1</sup>, B.C. Opmeer<sup>2</sup>, W.M. Ankom<sup>1</sup>, F. van der Veen<sup>3</sup>, B.W. Mol<sup>1</sup>, P.J. Hajenius<sup>1</sup>

**FC\_65****Laparoscopic sacrocolpopexy: anatomical results, quality of life and perioperative outcome—a prospective study with 101 cases**

D. Sarlos, S. Brandner, L. Kots, N. Gygax, G. Schaer

**FC\_66****Indication of laparoscopic re-operation after sacrocolpopexy**

C. Gastaldi, E. Baulon, V. Thoma, J.-J. Baldauf, A. Wattiez

**FC\_68****Accident analysis: the contributing factors of a ureter injury during deep endometriosis surgery**

R. Schonman<sup>1</sup>, C. De Cicco<sup>1</sup>, R. Corona<sup>1</sup>, D. Soriano<sup>2</sup>, P. R. Koninckx<sup>1</sup>

**FC\_69****Evaluation of manual laparoscopic skills using the Giessener Bench Station—training**

Z. Doering, J. Ionesi, G. Tcharchian, C. Münstedt, H.-R. Tinneberg, A. Hacketal

**FC\_70****Laparoscopic complication evaluation throughout an eighteen years follow-up**

L. Gonzalez Gea, J. Jose Delgado, J. Manuel Menéndez, P. Garbayo, R. Cajal, A. Zapico

**FC\_71****Estimation of level of difficulty in hysterectomy; results from a randomised controlled clinical trial**

B. Nieboer<sup>1</sup>, M. Bongers<sup>2</sup>, M. Spaanderman<sup>1</sup>, K. Kluivers<sup>1</sup>

**FC\_72****National inpatient diagnostic hysteroscopy survey**

S. Tawfeek, P. Scott

**FC\_73****Reproducibility of saline infusion sonography**

S. Beemsterboer<sup>1</sup>, A. Thurkow<sup>2</sup>, R. Verstraeten<sup>1</sup>, H. Brolmann<sup>1</sup>

**FC\_74****Localization of Essure® microinserts using 3D ultrasound after hysteroscopic sterilization. A prospective single-center study**

G. Bader, S. Boustany, J.-P. Bernard, B. Guyot, A. Fauconnier, Y. Ville

**FC\_75****Improvement of the Essure® inserting system: ESS305 versus ESS205, a clinical comparison in an outpatient setting**

C. Janssen

**FC\_76****Relationship between the IUD and the placement success rate of Essure® device**

J.E. Arjona Berral, E. Velasco Sánchez, E. Sainz de Vicuña Sainz, B. Hinojosa Marín, B. Pelegrín Sánchez

**FC\_77****Pregnancy after Essure® sterilisation: 8 pregnancies in The Netherlands**

L. Moolenaar, S. Veersema

**FC\_78****Feasibility of NovaSure® endometrial ablation followed by Essure® hysteroscopic sterilization and follow-up by hysterosalpingography**

R. Detollenaere, H. van Eijndhoven

**FC\_79****Effects of cost and social security co participation in the use of hysteroscopic tubal sterilization**

A. Fradique

**FC\_80****UK experience of the Essure® procedure: highly effective, but can its uptake be increased?**

N. Baxter, A. Baxter, M. Connor, V. Brown

**FC\_81****Hysteroscopic tubal sterilization: a cost-effective procedure on an outpatient basis**

M. Franchini<sup>1</sup>, F. Calonaci<sup>2</sup>, G. Lippi<sup>1</sup>, S. Calzolari<sup>1</sup>, L. Cianferoni<sup>1</sup>, P. Florio<sup>2</sup>

**FC\_82****Hysteroscopic tubal sterilization (Essure®) in women with an intrauterine device**

A. Agostini, M. Petrakian, J. P. Estrade

**FC\_83****Reliability of a continuous pain score meter: real time pain measurement**

E. Boormans<sup>1</sup>, P. van Kesteren<sup>1</sup>, R. Perez<sup>2</sup>, H. Brolmann<sup>3</sup>, W. Zuurmond<sup>2</sup>

**FC\_84**

**A new approach to vaginal top closure after total laparoscopic hysterectomies (TLH)**

J. Rhemrev<sup>1</sup>, M. Smeets<sup>1</sup>, F.W. Jansen<sup>2</sup>

**FC\_86**

**Laparoscopic sacral colpopexy: learning curve**

C. Youssef<sup>1</sup>, D. Dautin<sup>1</sup>, J. Nassif<sup>2</sup>, A. Wattiez<sup>2</sup>

**FC\_87**

**Assessment of manual laparoscopic skills with the Giessen bench station-training**

J. Ionesi-Pasacica, A. Hackethal, A. Döring, H.-R. Tinneberg

**FC\_87**

**Which is the best type of laparoscopic hysterectomy (LH)?**

N. Ahmed-Ebbiary, A. Karim, P. Thean

**FC\_89**

**The results of treatment in patients with early cervical cancer managed by laparoscopy and conventional surgery**

P. Sobiczewski, M. Bidzinski

**FC\_90**

**From open radical hysterectomy to Robot assisted laparoscopic radical surgery for early stage cervical cancer: a single institution's learning curve**

R. Zweemer<sup>1</sup>, W. Marchien van Baal<sup>2</sup>, J. van de Lande<sup>3</sup>, J. Dijkstra<sup>4</sup>, R. Verheijen<sup>1</sup>

**FC\_91**

**Laparoscopic treatment of adnexal masses in pediatric and adolescent patients**

Z. Stankovic, L. Andjelic

**FC\_93**

**Learning uterine artery embolization with a simulator**

B. McLucas

**FC\_94**

**Intrauterine adhesions (IUA): has there been progress in understanding and treatment over the last twenty years?**

C. Panayotidis<sup>1</sup>, S. Weyers<sup>2</sup>, J. Bosteels<sup>3</sup>, B. Van Herendael<sup>4</sup>

**FC\_95**

**Hyalobarrier®, a hyaluronan adhesion prevention gel: systematic review and meta-analysis of safety results in randomized controlled trials**

V. Mais<sup>1</sup>, M. Giuseppina Cirronis<sup>1</sup>, F. Torasso<sup>2</sup>, E. Cossu<sup>1</sup>, M. Peiretti<sup>1</sup>, G. Benedetto Melis<sup>1</sup>

**FC\_96**

**NovaSure® endometrial ablation under local anaesthesia in a primary care setting**

Helen Ludkin, Sian Jones, Anne Connolly

**FC\_97**

**The COAT Trial—a randomised controlled trial comparing outpatient endometrial ablation techniques (NovaSure®™ vs. Thermachoice®™): menstrual bleeding and quality of life outcomes**

N. Samuel<sup>1</sup>, S. Malick<sup>2</sup>, J. Daniels<sup>3</sup>, L. Middleton<sup>4</sup>, J. Gupta<sup>5</sup>, J. Clark<sup>6</sup>

**FC\_98**

**Endometriomas as a marker of more severe pelvic endometriosis**

S. Banerjee, K. Ballard, J. Wright

**FC\_99**

**A new narrow band imaging endoscopic system for the detection of surface pathology including endometriosis: a series of 95 patients**

S. Chandakas<sup>1</sup>, J. Erian<sup>1</sup>, E. Salamalekis<sup>2</sup>

**FC\_100**

**Primary bilateral tubal adenocarcinoma associated with unilateral tubal endometriosis: case report**

S. Carvalho, F. Pinto, S. Soares, R. Ramalho, V. Costa, N. Nunes, M. Rodrigues

**FC\_101**

**Clue anatomical landmarks in pelvic lymphadenectomy**

A. Gorostiaga<sup>1</sup>, I. Villegas<sup>2</sup>, E. Beiro<sup>1</sup>, J. Cruz Quilez<sup>1</sup>, D. Andia<sup>1</sup>, I. Brouard<sup>1</sup>

**FC\_102**

**Does endoscopic myomectomy help infertile patients?**

B. G. Molnár, A. Fodor, A. Rónya, K. Áron

**FC\_103**

**Cryosurgery combined with phonophoresis in patients with tubal occlusive infertility and chronic salpingitis**

E. Hilkevich, E. Dubinskaya, E. Dovlethanova

**FC\_104**

**The Essure® technique: confirmation visit at 3 months: the abdominal radiography and its interpretation. Animated 3D illustration**

J.B. Engrand, M. Boulogne, P. Delporte, P. Debodinance, T. de Craecker, S. Nachot

**FC\_106**

**Six years follow-up study pleading for Purizole's use for all hysteroscopic procedures**

S. Seak-San, J.M. Foidart

**FC\_107**

**Long-term complications of office hysteroscopy**

T.C. van Kerkvoorde, S. Veersema, A. Timmermans  
*St Antonius ziekenhuis, Nieuwegein, Netherlands*

**POSTER PRESENTATIONS****TOPIC 1: 3D IMAGING****P001**

**Virtual hysteroscopy, 3D/4D gel instillation sonohysterography (G.I.S.)**

M.H. Emanuel<sup>1</sup>, N. Exalto<sup>2</sup>

**TOPIC 2: ADHESIONS****P002**

**Why laparoscopic adhesiolysis should not be a collateral damage of the evidence based medicine**

H. Roman<sup>2</sup>, L. Marpeau<sup>2</sup>, T. F Hulsey<sup>1</sup>, T.C Hulsey<sup>1</sup>

**P003**

**Tissue manipulation increases adhesion formation in a laparoscopic mouse model**

R. Schonman, R. Corona, C. De Cicco, A. Bastidas, Ph. R. Koninckx

**P004**

**Evaluation of Oxiplex\SP Gel (Intercoat) in our laparoscopic mouse model**

R. Schonman, A. Bastidas, R. Corona, C. De Cicco, Ph. R Koninckx

**P005**

**A direct comparison of Adept(R), Spraygel(R), Seprafilm(R) and Intercoat (R) as adhesion barriers in a realistic animal model**

T. K. Rajab<sup>1</sup>, M. Wallwiener<sup>2</sup>, Ch. W. Wallwiener<sup>3</sup>, B. Kraemer<sup>2</sup>

**P006**

**Awareness and importance of adhesions in the consent process**  
T.K. Rajab<sup>1</sup>, E. Ali<sup>1</sup>, C. Wallwiener<sup>4</sup>, U. Ahmad<sup>2</sup>, S. Taludkar<sup>5</sup>, D. Marikar<sup>6</sup>, M. Wallwiener<sup>3</sup>, B. Kraemer<sup>3</sup>

**P007**

**Peritoneal trauma caused by suction aspiration devices**

D. Ott

**P008**

**Peritoneal damage and laparoscopic tissue graspers**

D. Ott

**P009**

**Cost savings model of using adept® to prevent adhesions in gynaecological surgery**

J. Epstein<sup>1</sup>, M. Lee<sup>2</sup>, S. Krishnan<sup>1</sup>

**P010**

**A cross-sectional survey to understand awareness of anti-adhesive agents and their importance in adhesion prevention in gynaecologic surgery**

M. Lee, S. Krishnan, M. Bechter

**P011**

**Adhesion awareness among Dutch gynaecologists**

E. Bakkum

**TOPIC 3: ADNEXAL MASS****P012**

**Florid cystic endosalpingiosis of the uterus, differential diagnosis with adnexal mass. Laparoscopic management: case report**

C. Santana<sup>2</sup>, J. De Los Rios<sup>1</sup>, E. Serna<sup>1</sup>, J. Castañeda<sup>1</sup>, G. Calle<sup>1</sup>

**P013**

**Laparoscopic management of a large ovarian cyst: case report**

F. Zapata<sup>2</sup>, J. De Los Rios<sup>1</sup>, O. Florez<sup>2</sup>, A. Arango<sup>2</sup>, A. Mesa<sup>3</sup>, J. Castañeda<sup>1</sup>

**P014**

**Giant ovarian cysts: is the primary laparotomy still a gold standard?**

H. Roman, N. Mathieu, S. Tarrab, I. Chanavaz-Lacheray, L. Marpeau

**P015**

**Minimally invasive surgery for large benign ovarian cyst**  
 N. Badzakov, N. Pancevski, B. Sardzovski, E. Matevska, N. Shikov

**P016**

**Laparoscopic surgery in treatment of ovarian tumors in pregnancy**  
 B. Sviracevic, S. Sedlar, D. Malobabic, D. Madzic

**P017**

**A report of five cases of cornual gestation in ten years**  
 V. Liberis<sup>1</sup>, P. Tsikouras<sup>1</sup>, G. Galazios<sup>1</sup>, A. Ammari<sup>1</sup>, N. Koutlaki<sup>1</sup>, C. Zografou<sup>1</sup>, A.-T. Teichmann<sup>2</sup>

**P018**

**Laparoscopic treatment of ruptured lutein cyst. A ten years report**  
 P. Tsikouras<sup>1</sup>, V. Liberis<sup>1</sup>, G. Galazios<sup>1</sup>, A. Ammari<sup>1</sup>, N. Koutlaki<sup>1</sup>, X. Grapsas<sup>1</sup>, A.-T. Teichmann<sup>2</sup>

**P019**

**Ovarian masses in postmenopause**  
 M. Visotsky

**P020**

T. Bignardi, D. Alhamdan, G. Condous

**P096**

**How important is the method of tubal sterilization in the outcome after tubal anastomosis?**

S. Gordts, R. Campo, P. Puttemans, M. Valkenburg, S. Gordts

**P097**

**The use of bipolar energy and saline in hysteroscopic surgery: a series of 75 patients**

S. Chandakas<sup>1</sup>, J. Erian<sup>1</sup>, E. Salamalekis<sup>2</sup>

**P098**

**IVF pregnancy in unicornuate uterus after transabdominal puncture of undescended ovaries**

F. Gomes (1,2)<sup>1</sup>, A. Reynolds<sup>2</sup>, H. Cunha<sup>1</sup>, J.L. Silva Carvalho (1,2)<sup>1</sup>

**P099**

**Evaluation of the role of HOXA10 & HOXA11 genes, in the pathogenesis of congenital anomalies of the female genital tract**

S. Liatsikos<sup>1</sup>, G. Grimbizis<sup>1</sup>, N. Papadopoulos<sup>1</sup>, I. Georgiou<sup>2</sup>, I. Mpoumba<sup>2</sup>, V. Tarlatzis<sup>1</sup>, I. Bontis<sup>1</sup>

**P100**

**Laparoscopic salpingectomy for ectopic pregnancy, a series of 200 cases: a UK experience**

C. Panayotidis, T. Youssef, N. Aziz, U. Amu

**P101**

**Does negative cervical cytology excludes serious pathology in women with postcoital bleeding?**

P. Reis, I. Vaz, M. Brandão, C. Arantes, M. Montalvão, M. Moreira, M. João Carinhas, U. Ramos

**P102**

**Multidisciplinary pelvic surgery when a Mullerian anomaly is associated with VATER/VACTERL syndrome**

N. Nunes, S. Irani, S. Karandikar

**P103**

**Laparoscopic excision of infarcted appendices epiploicae in a woman with chronic pelvic pain**

A. Gayen, K. Schramm-Gajraj

## TOPIC 15: NEW DEVICES AND TECHNIQUES

**P104**

**Exploration of retroperitoneum by n.o.t.e.s in porcine model**

C. Zacharopoulou, J. Nassif, A. Wattiez

**P105**

**N.O.T.E.S. retroperitoneal lymph node dissection in porcine model**

J. Nassif, C. Zacharopoulou, S. Perretta, B. Dallemagne, P. Allemann, J. Marescaux, A. Wattiez

**P106**

**Pelviscopic cornual resection on interstitial pregnancy with endoknot tyings: a series of 8 consecutive cases**

S. Wook Yi, S. Soo Lee, H. Moie Park, W. Seok Sohn

**P107**

**The extent of adhesion induction through electrocoagulation in an experimental rat study**

Ch. W. Wallwiener<sup>1</sup>, B. Kraemer<sup>2</sup>, M. Wallwiener<sup>2</sup>, T. K. Rajab<sup>3</sup>

**P108**

**Doorstep of gasless laparoscopic surgery using the abdominal wall lifting—an analyses of 23 cases**

E. Xia, Y. Li, D. Yu, X. Huang, J. Zheng, Y. Liu

**P109**

**Mesh for treatment of the pelvic organs prolapse: early post operative follow-up**

G. Mecejus<sup>1</sup>, E. Bauzyte<sup>1</sup>, R. Musinskaite<sup>2</sup>, A. Akelyte<sup>2</sup>

**P110**

**Development of a software system for processing hysteroscopic images of the endometrium**

L. G Lavasidis<sup>1</sup>, F. Grozou<sup>1</sup>, A. Vlachokosta<sup>2</sup>, P. Asvestas<sup>2</sup>, G. Matsopoulos<sup>2</sup>, M. Paschopoulos<sup>1</sup>

**P111**

**Distance between umbilicus and aortic bifurcation—measurement by magnetic resonance imaging or computed tomography**

Y. Afifi, A. Raza

## TOPIC 16: OFFICE HYSTEROSCOPY

**P112**

**An audit of inpatient and daycase hysteroscopies performed under general anaesthesia**

P. Scott, D. Barclay, M. Norbrook, K. Kabbala, C. Burdon

**P113**

**Diagnostic hysteroscopy in abnormal uterine bleeding: a systematic review and meta-analysis**

H. van Dongen, C. de Kroon, C. Jacobi, B. Trimbos, F. W. Jansen

**P114**

**The position of hysteroscopy in current fertility practice**

J. Bosteels<sup>1</sup>, S. Weyers<sup>2</sup>, C. Mathieu<sup>3</sup>, B. Vanherendael<sup>4</sup>, V. Gomel<sup>5</sup>

**P115**

**Outpatient hysteroscopy clinic patient satisfaction survey 2007**

C. Nelson

**P116**

**Tamoxifen therapy: the effect on endometrium under hysteroscopic view**

P. Reis, M. Leal, S. Carvalho, E. Fernandes, M. José Areias, G. Madureira, M. Rodrigues

**P117**

**Survey of women's perception of out-patient hysteroscopy**

N. Nunes, L. Anyanwu, A. Gangji

**P118**

**Are expensive gadgets necessary to perform operative hysteroscopy under local anaesthetic?**

L. Bruen, A. Patwardhan, R. Penketh

**P119**

**A clinical study on transvaginal hydrolaparoscopy used in infertility—the 12 months experience of a Romanian service**

D. Socolov<sup>1</sup>, R. Socolov<sup>1</sup>, S. Butureanu<sup>1</sup>, C. Rotaru<sup>1</sup>, A. Watrelot<sup>2</sup>

**P120**

**Postmenopausal women with uterine bleeding: correlation of hysteroscopic evaluation with histopathological results**

C. Freitas, H. Gaspar, M. Silva, T. Freitas, L. Remesso, S. Gomes, M. Ferreira

## TOPIC 17: ONCOLOGY

**P121**

**Laparoscopic management of a high grade uterine leiomyosarcoma: case report**

M. Borrero<sup>1</sup>, G. Calle<sup>2</sup>, C. Diaz<sup>3</sup>, J. Castañeda<sup>4</sup>, E. Serna<sup>5</sup>, J. De Los Rios<sup>5</sup>

**P122**

**The outcome of laparoscopic radical hysterectomy and lymphadenectomy for cervical cancer: a prospective analysis of 295 patients**

Y. Chen, H. Xu, Y. Li, D. Wang, J. Li, J. Yuan, Z. Liang

**P123**

**Is laparoscopy in gynecological malignancies a reproducible method? Personal experience in Greece**

S. Tzitzimikas<sup>1</sup>, A. Papanikolaou<sup>2</sup>, T. Agorastos<sup>2</sup>, T. Tsalikis<sup>2</sup>, A. Karavida<sup>3</sup>, J. Bontis<sup>2</sup>

**P124**

**Laparoscopic organ-sparing cytoreductive surgery for recurrence of advanced stage borderline ovarian carcinoma after adjuvant chemotherapy**

S. Tzitzimikas<sup>1</sup>, A. Karavida<sup>2</sup>

**P125**

**How to make pelvic lymphadenectomy accessible**

A. Gorostiaga, I. Villegas, I. Brouard, R. Monica Rodrigo, R. Ibarrola

**P126**

**High body mass index and laparoscopic staging of endometrial cancer**

A. Zapico, E. Martinez, P. Fuentes, H. García Briz, J. Gonzalez Hinojosa

**P127**

**Laparoscopic radical hysterectomy in the treatment of early stage cervical cancer**

M. Cruz Estevez, A. Zapico, P. Fuentes, E. Cordero, M. Ontañón

**P128**

**Completion laparoscopic radical hysterectomy after external radiation and brachytherapy for locally advanced cervical cancer: a feasibility study.**

K. Jardon<sup>1</sup>, A. Protopapas<sup>2</sup>, J.-L. Achard<sup>3</sup>, B. Rabischong<sup>1</sup>, J.-L. Pouly<sup>1</sup>, G. Mage<sup>1</sup>, M. Canis<sup>1</sup>

**P129**

**Does preoperative brachytherapy increase the surgical risk in patients with early cervical cancer treated with laparoscopic radical hysterectomy?**

A. Protopapas<sup>1</sup>, K. Jardon<sup>2</sup>, J.-L. Achard<sup>3</sup>, B. Rabischong<sup>2</sup>, J.-L. Pouly<sup>2</sup>, G. Mage<sup>2</sup>, M. Canis<sup>2</sup>

**P130**

**Laparoscopic radical hysterectomy in the treatment of early cervical cancer: what have we learned in the last 18 years?**

K. Jardon<sup>1</sup>, A. Protopapas<sup>2</sup>, J.-L. Achard<sup>3</sup>, B. Rabischong<sup>1</sup>, J.-L. Pouly<sup>1</sup>, G. Mage<sup>1</sup>, M. Canis<sup>1</sup>

**P131**

**Accuracy of intraoperative frozen section during laparoscopic management of early endometrial cancer**

E. Kucera, V. Hejda, R. Turyna, J. Feyeireisl

## TOPIC 18: POSTCAESAREAN UTERINE SCAR, COMPLICATIONS, IMAGING AND MANAGEMENT

**P132**

**Laparoscopic repair of a large myometrial defect after methotrexate for caesarean scar ectopic pregnancy**

T. Bignardi<sup>1</sup>, D. Alhamdan<sup>1</sup>, G. Reid<sup>2</sup>, G. Condous<sup>1</sup>

**P133**

**Caesarean scar ectopic pregnancy—a case report**  
A. Stanitsas, L. Karamura, J. Cullimore

**P134**

**Incidence of asymptomatic scar defects after cesarean section—  
 a hysteroscopic prospective cohort study**  
L.F. Van Der Voet, S. Veersema

## TOPIC 19: ROBOTICS

**P135**

**Robotic-assisted laparoscopic hysterectomy—initial clinical  
 experience**  
G. Gorchev, S. Tomov, L. Tanchev

**P136**

**Robotic surgery in gynecology: ease of adoption by a non-  
 expert surgical team in an Academic setting in Greece.**  
S. Tzitzimikas<sup>1</sup>, G. Grimbizis<sup>1</sup>, G. Pados<sup>1</sup>, T. Agorastos<sup>1</sup>, T.  
 Tsalikis<sup>1</sup>, A. Bekos<sup>2</sup>, H. Christidou<sup>3</sup>, A. Karavida<sup>1</sup>, J. Bontis<sup>1</sup>

**P137**

**Robotic-assisted laparoscopy myomectomy in fertile women: a  
 critical analysis of an initial experience**  
N. Pluchino, V. Cela, S. Puccetti, A. Riccardo Genazzani

**P138**

**Da Vinci® robotics in gynaecological surgery, evolution and  
 retroperitoneal applications**  
D. Struppl

## TOPIC 20: THERAPEUTIC HYSTEROSCOPY

**P139**

**Reproductive outcomes after hysteroscopic metroplasty for  
 uterin septum**  
F. Sendag, T. Mermer, S. Yucebilgin, K. Oztekin, O. Bilgin

**P140**

**Hysteroscopic resection of sub mucosal fibroids exclusively in  
 cervical block—is it feasible?**  
L. Clevin, V. Hartvig Boujida

**P141**

**Hysteroscopic resection of polyps exclusively in cervical block—  
 is it feasible?**  
L. Clevin, V. Hartvig Boujida

**P142**

**Hysteroscopic myomectomy performed by high and low  
 volume surgeons**  
H. Betjes<sup>1</sup>, M. Hanstede<sup>1</sup>, M.-H. Emanuel<sup>1</sup>, E. A. Stewart<sup>2</sup>

**P143**

**Concomitant Essure® tubal sterilization and endometrial abla-  
 tion: a new approach of therapy of dysfunctional uterine bleeding**  
A.-C. Donnadieu, A. Gervaise, X. Deffieux, E. Faivre, R.  
 Frydman, H. Fernandez

**P144**

**Hysteroscopy: 10 years experience (1999–2008)—analysis of 850 cases**  
E. Tsakos, A. Tolikas, S. Katsanikos, M. Kallintzi, K. Bimpa

**P145**

**Hysteroscopic management of endometrial polyps—our expe-  
 rience of 5 years**  
H. Ferreira, R. Zulmira, R. Cubal, C. Lourenço, A. Morgado

**P146**

**The malignant potential of endometrial polyps**  
 A. Couso, E. Martinez, A. Solano, L. Gonzalez Gea, A. Zapico

**P147**

**Uterine malformation: results after hysteroscopic metroplasty**  
O. Istre, A. Berg

**P148**

**The implantation after ET in IVF/ICSI after hysteroscopic resection  
 of larger and small uterine septum compared to normal controls**  
T. Tomazevic, H. Ban-Frangez, I. Virant-Klun, I. Verdenik, M.  
 Ribic-Pucelj, E. Bokal-Vrtacnik

## TOPIC 21: TRAINING AND TEACHING

**P149**

**A two-year retrospective study on surgical management of  
 ectopic pregnancy in a district general hospital in the United  
 Kingdom**  
R. Faraj, M. Aburabia, K. Bancroft

**P150****Laparoscopy skills and management of ectopic pregnancy by trainees in England**

S. Yellamareddygar<sup>1</sup>, D. Janga<sup>2</sup>, C. Mammen<sup>1</sup>

**P151****Duration of incision to entry in different entry techniques at laparoscopy**

S. Yellamareddygar, C. Mammen, S. Narreddy, S. Senapati

**P152****Laparoscopic resection of an interstitial ectopic pregnancy following IVF treatment in a patient with bilateral salpingectomy: case report and review of the literature**

T. Manias, C. Panayotidis, A. Boulos, O. Amu

**P153****The effects of the inspectorate report—minimal invasive surgery (The Netherlands) on daily practice of a teaching hospital**

Marlies Bongers, Peggy Geomini

**P154****Evaluation of new tools in post graduate laparoscopic learning**
